Many people say that university education should only be offered to young students with the highest marks, while others say they should accept people with varying marks and all ages, even if they did not do well. Discuss both views and give your opinions. (2018.09.26)

Side A: university education should only be offered to young students with the highest marks

- 让大学能够更高效地分配教育资源

make universities allocate educational resources more effectively

Side B: they should accept people with varying marks and all ages, even if they did not do well

- 提升了大学的包容性

increase universities' inclusiveness

- 提高人均文化水平

improve the average educational level of citizens

Body paragraph 1 (increase universities' inclusiveness)

首先，通过接受不同分数和年龄段的学生，大学可以成功地提升他们的包容性。

First of all, through admitting students with different scores and age ranges, universities can successfully improve their inclusiveness. (Topic sentence)这是因为不同群体得到了公平的待遇。

This is because various specialized groups are treated equally.

其中一个最明显的原因是大学经常被认为是社会的缩影。

One of the most conspicuous reasons is that universities are often acknowledged as society in miniature. (Reason 原因拓展)

例如，美国的哈佛大学招收不同分数和年龄段的学生这一传统已经延续数十年，而这也是它能够成为世界最著名学府的重要因素之一。

As an illustration, the tradition of recruiting applicants of various scores and ages in

Harvard University has been inherited for decades, which is one of the important factors making it become the most well-known educational institution in the world. (Example 举例拓展)这意味着这样做的大学可能会在未来的学术发展中取得更高的成就。

This means that universities following this may acquire higher achievements in their future academic development.(Result 结果拓展)

Body paragraph 2 (improve the average educational level of citizens)

Body paragraph 3 (make universities allocate educational resources more effectively)

首先 = Firstly = First of all = Initially = First and foremost = To begin with = To start with

原因拓展：这是因为 This is because...

其中一个最显著的原因是...

One of the most evident/obvious/apparent/conspicuous reasons is that...

经常被认为... = are often regarded/considered/acknowledged as...

...是...的缩影 = ... is ... in miniature

例如 = For example = For instance = To illustrate = As an illustration

结果拓展 = 这意味着.../This means that... = 因此/Therefore/As a consequence/Hence/Thus

Conclusion

My grades are excellent, which helps me get into this university.

Some people think that social networking sites have a huge negative impact on both individuals and society. To what extent do you agree or disagree? (2017.12.16)

Side A: social networking sites have a huge negative impact on both individuals and society

- 社交网站可能会使人们遭受网络暴力

social networking sites make individuals suffer from cyber violence

Side B: social networking sites do not have a huge negative impact on both individuals and society

- 开拓了人们的眼界，增长见识

broaden one's horizon, expand one's vision

- 消除了地域限制，将世界各地的人联系起来

eliminate geographical barrier, connect people together worldwide

BP3 (对立观点 - 反方论点)
如果社交媒体平台没有得到适当的监管，则人们有更大的几率遭受网络暴力。
If social media platforms are not under proper supervision, there will be a higher possibility for people to suffer from cyber violence.
(Topic sentence - Opposite)根据 2019 年美国统计局年报显示，在类似 Instagram，Twitter 等平台的流行之后，每年被网暴负面影响的人口比例已经增加了约 10%。
As indicated by the 2019 annual report of the US Bureau of Statistics, after the popularity of platforms such as Instagram and Twitter, the ratio of population who were negatively affected by cyber violence had increased by roughly 10%.
(Example) 然而，这一问题可以通过政府制定相关法律法规来有效地缓解。 Nevertheless, this issue can be effectively alleviated through governments establishing related laws and regulations. (Semi-finished solution)

条件状语从句：
If [一般现在时], [一般将来时]

适当的 = proper = appropriate
监管 = supervision = surveillance

几率 = chance = probability = possibility

根据...的显示 = As indicated by...

然而 = However = Nevertheless = Nonetheless

缓解 = relieve = alleviate = mitigate

相关的 = related = relevant

定语从句引导词：who vs. whom
I went to a park with my best friend Jenny.

1. We must respect scientists who have great contributions.
2. Jenny is my best friend, with whom I went to a park yesterday.
3. Jenny is my best friend, whom I went to a park with yesterday.

其他例子（问句形式）：
With whom did you go to the party? (Who did you go to the party with?)
To whom was the letter addressed? (Who was the letter addressed to?)

My teacher, for whom I'm doing some research, is currently in a meeting. (I’m doing some research for my teacher, who is currently in a meeting.)

BP3

Conclusion

总体而言，我仍然认为...

Overall, I still firmly hold the view that the advantages brought by social networking sites outweigh the disadvantages, despite the existence of some negative impacts. (Re-state the personal opinion) 但是更重要的是，如何在 A 和 B 之间寻求一个平衡，是...真正需要思考的事情。

But more importantly, how to strike a balance between the free use of social media platforms and the appropriate supervision of relevant departments is what society really needs to think about. (Deeper)

总体而言 = Overall = All in all = In conclusion = To sum up = In a word = In summary

关于... = As for... = With regard to... = In terms of... = Concerning = Regarding

可行的解决方法 = feasible/applicable/viable solutions

解决方法：

政府：应该制定有关塑料制品的生产标准（如纤维替代塑料）并且提高一次性产品价格

企业：应该严格响应政府相关法律法规并且开发替代性生产材料

媒体：应该宣传环保的重要性并且提倡多使用循环袋

关于一些可行的解决方法，从政府的角度来说，当局应该制定有关塑料制品的生产标准（如纤维替代塑料）并且提高一次性产品价格；从企业的角度来说，他们应该严格响应政府相关法律法规并且开发替代性生产材料；从媒体的角度来说，新闻工作者应该宣传环保的重要性并且提倡多使用循环袋。

With regard to some feasible solutions, from the government's perspective, authorities should establish the standards of the

production of plastic goods, such as utilizing fiber rather than plastic, and raise the minimum price of throw-away products; from the perspective of corporations, they ought to strictly respond to governments' laws and regulations and exploit alternate materials; from the perspective of the media, journalists must promote the significance of environmental protection and encourage the use of recyclable bags.

Water resources around the world are falling deficient. Analyse the possible reasons and provide your suggestions. (2020.6.2)

- Reason 1: water pollution
- Reason 2: water conservation

BP1 (water pollution)
首先，水资源短缺的最主要成因是来自人类工业发展的污染。
First and foremost, the predominant factor of water scarcity is contamination caused by human industrial development. (Topic sentence)这是因为很多工厂在向一些淡水资源里排放污染物。This is because a number of factories emit pollutants into freshwater resources. (Reason)
Ganges River 恒河
例如，印度的恒河已经经历了各种来源的污染包括日常废水以及化工厂排放，使得它本就有限的水资源更快地枯竭。
As an illustration, the Ganges River in India has underwent pollution from a range of sources, such as sewage and chemical industry discharge, making its limited water resources deplete more rapidly. (Example - 世界实例/数据)这意味着污染是水资源保护道路上的一个严峻挑战。This means that contamination is a serious challenge on the path of water protection.(Result)

主要 = predominant = primary = main
短缺 = shortage = scarcity = deficiency
污染 = population/pollution = contamination
China's Pearl River Delta 中国珠江三角洲

BP2 (water conservation)
